

## Ohaus Moisture Analyzer Balance, 90g Capacity

<b>Product #:</b>	<b>2946401</b>
ZAR Price:	Contact Hach
Ships within 2 weeks	

### Combining Speed and Precision in One Moisture Analyzer –Test More Samples in Less Time

Measuring moisture content has never been easier than with the MB90 Moisture Analyzer. The MB90's halogen heating distributes heat uniformly over the sample and speeds up the drying process, delivering fast and precise measurements. Designed for tool-free cleaning, its components can be easily removed for quick and easy maintenance. Operating the MB90 is intuitive with the icon-driven menu navigation on the touchscreen display.

#### Fast Halogen Heating Technology

Halogen heating dries samples in seconds and performs up to 40% faster than traditional infrared methods.

#### Uniform Drying for Precise, Repeatable Results

The reflective sample chamber ensures uniform heating of each sample to yield reliable results of 0.01% readability

#### Flexible and Powerful

Features a full operating temperature range of 40–200 °C in 1 degree increments.

#### Two Drying Profiles to Ensure Accuracy

Customize heating of specific samples with temperature control for one-step drying—set temperature and time and begin!

Fast: Quickest possible time to temperature

Standard: Minimal overshoot while achieving temperatures quickly

#### Shut-Off Criteria for Automatic Test Completion

Customize your own test endpoint criteria to automatically end the test once moisture loss is no longer detected.

Choose from 3 criteria—Manual, Timed and Auto.

---

## Specifications

Accuracy 2:	1 mg/0.01%
Capacity:	90 g
Communication Capabilities:	RS232 with GLP/GMP Data Ouput
Electrical Specifications:	115V, 60Hz
Length:	356 mm
Power:	100V-120V
Power requirements (Voltage):	100-115 VAC
Quantity:	1 each
Reading Modes:	Weighing, Percent Moisture Determination
Units:	% moisture, actual weight (g)
What's included?:	Includes: Moisture analyzer, aluminum sample pans, pan support, specimen sample disk, draft shield, power cable, and operating instructions and power cord.
Width US:	7.5

---

## What's included?

Includes: Moisture analyzer, aluminum sample pans, pan support, specimen sample disk, draft shield, power cable, and operating instructions and power cord.
